August Newsletter, 2009

Hi Everyone,

We've had a very busy month and a half of ministry in America and Australia. The Lord continues to perform outstanding healings and miracles wherever we go. Countless people continue to be freed from pain, disease and torment, and doctors continue to be baffled by miraculous recoveries. Go Jesus!

Over the last month, we have received many testimonies from people who have reported that their healing manifested several days after prayer. We want to encourage everyone to continue to believe in Jesus for their healing and know that He heals in different ways and that not all miracles are instant. If you are in need of healing, continue to focus on Jesus and thank him for taking your sickness on the Cross; read the Bible; declare the Word aloud over your life, and give all fear into God's hands. *Know that it is God's will for you to be healed.*

We will be taking a few weeks off in August to rest and work on some new booklets and resources. Please continue to pray for our Ministry, for new churches to open up to us, for financial provision and for favour with the media.

We also want to thank our PA, Ross Pitt, who is finishing this week and we welcome Tammy Singh as our new PA.

God bless you all,

John and Julie Mellor

Augusta, Kansas, USA, June 2009
