

# JOHN MELLOR MINISTRIES

## Newsletter, Jan/Feb 2010

Dear Friends,

We've had an amazing beginning to the year, witnessing outstanding miracles and healings where ever we have ministered. We are capturing more of these miracles on film and posting them on our YouTube Channel, and we have included the links to some of these video clips below. If you are a Facebook user, please join our group to receive weekly feeds of clips.

While most of our meetings are held in Australia, this year, we will be ministering in Singapore at Easter; Denmark, England and France in late May-July; New Zealand in September and Malaysia in November. Please let your family and friends in these countries know we will be coming. Our website itinerary has the dates and details [www.johnmellor.org](http://www.johnmellor.org)

Please keep praying for our ministry, especially that we will see more salvations.

God bless you all,

*John and Julie Mellor*

Below are just a handful of testimonies of the people Jesus has healed over the last month and a half.

### The Range COC, Montville, Jan 31st

Natasha suffered excruciating **pain in her ovaries** since September 2009. Despite an operation to remove a cricket ball sized cyst from her ovary the pain remained, as did hardness in her abdomen. After prayer, all pain and the lump in her abdomen disappeared and she cried with relief and joy. She also suffered **pain in her gums** from recently having two wisdom teeth removed, but that also left. She also testified to having emailed a prayer request to the ministry a few months ago for a **frozen shoulder** which was healed soon after she sent the message and was prayed for.

John had a Word of Knowledge about teeth and gum problems and several people were healed. Ralph, 59, testified that his infected, painful gums were healed at a meeting in Maryborough last year where John also had a Word of Knowledge about the condition. Ralph woke up the next morning able to chew macadamia nuts on the side of his mouth that had been infected.

Sharyn suffered from pain in her right hip and pelvis which was due to cancer having spread from her breast to her bones 2 ½ years ago. However, all pain left after prayer and she felt peace, joy and release. <http://www.youtube.com/watch?v=NkwEBUX4Py8>

Kelly suffered from fibromyalgia for 5 years after emotional trauma after the birth of her last child. Doctors conducted all sorts of test but couldn't find a problem. All pain left after prayer. Her husband, Brock, was also healed. His left hand was restricted in its movement for 10 years after a motor bike injury. Brock has been unable to put any weight on his hand or extend it back and this has prevented him from playing sports and doing many other activities. However, all pain and restriction left after prayer.

Joe, 21, had fallen down stairs 6 months ago and **fractured ribs which pierced his lungs**. He has had two operations, but was still in great pain, even on morphine. He had trouble sitting and rising to stand because of the pain, but after being prayed for many times, the pain lessened, then left, and he was able to move about and sit and stand rapidly without pain.

Bruce was restricted in his **shoulder movement** for 10 years since a work accident, but all restriction left after prayer. He also suffered from an **osteo-arthritic** condition in his knees for 20 years which caused trouble when he walked and climbed stairs. Doctors had wanted to operate on his knees, but all pain and restriction left after prayer.

Bill's vision was blurry due to **cataracts and macular degeneration**, but his vision became clear after a general prayer over the congregation and he contacted us a month later to say that he'd been to the doctor to have his eyes examined and they found **no trace of cataracts or macular degeneration**. <http://www.youtube.com/watch?v=IZWOQLHZ6TM>

## **River City Church, Brisbane, February 14<sup>th</sup>**

Also, Caleb's once aggressive behaviour ceased and he is now placid. They brought Caleb along for more prayer, believing for even more improvement. Andrew also testified that his **sinuses**, which had always given him trouble and were particularly bad with weather changes and prevented him from scuba diving, were healed and he hasn't had a problem since. <http://www.youtube.com/watch?v=-oseKt02QAg>

## **Riviera Christian Centre, Bairnsdale, 26-28<sup>th</sup> February**

Peter, who is deputy major of Bairnsdale, testified that the last time John was at his church, Riviera CC, 2 ½ years ago, he was healed of severe **arthritis** throughout his joints. The pain in his joints was so severe that his wife needed to put on his socks and underpants for him and he could barely lift a spoon. He also suffered **depression** because his condition was so debilitating. After one simple prayer from John, Jesus took away all pain from Peter's joints and it hasn't returned. Since that time he has **lost 15kg** as he has become more active and now cycles 35km every second day. <http://www.youtube.com/watch?v=wDrvtZT2SgM>

Doctors told her that due to her years of playing sport, she has the knees of an 80 year old. She had the operation one week before attending the healing meeting. After prayer, all pain left her swollen knees and they no longer felt hot and she could walk without her crutches. <http://www.youtube.com/watch?v=DqdgRxE-6SY>

Maryanne Batty, 58, suffered from **Multi-systems Atrophy**, which is a rare form of 'rigid Parkinson's disease'. The condition caused her body to become tense, rigid and extremely painful all of the time. She came to the meeting on Friday night in a **wheelchair**. She felt the pain lessen after prayer and felt something changing in her body. On Sunday morning, she came on a walker as she continued to improve over night and felt strong enough to walk. Her muscles had relaxed and she had slept through Saturday night without rigidity. After more prayer, she walked, and then she ran 5 times around the church without her walker. She felt no pain in her body but was sore in her knees after people kept making her run! She came again on Sunday night feeling even stronger and **walking fully upright** without her walker.

#### **Footnote**

This week we received a testimony of a man, Patrick Steele, who was prayed for last year in Shellharbour. He was in hospital recently for a CT scan and the radiographer reported that his lungs were normal. This is amazing since Patrick had sections of his right lung removed ten years ago!!! Thank you Jesus.

Also, when in Rockhampton recently, a pastor from Mt Morgan told us that someone from her town who was prayed for last year after a knee reconstruction went to the hospital for scans a week after prayer and doctors wanted to know what she'd done with the metal they'd put in her knee! We love it when Jesus confuses doctors!

All glory to our amazing God!
