John Mellor Ministries – June Newsletter, 2009

Hi Everyone,

We have seen God perform amazing miracles this month, including the healing of several cases of Multiple Sclerosis, blind eyes opening and tumours disappearing. Below we list just a fraction of the miracles we have seen. We always intend to keep the newsletters brief, but there are just so many amazing testimonies that we feel we can't reduce it further than this. Underneath the testimonies, we also list the latest itinerary.

Please continue to pray for the ministry, for our health and protection while in America in June, for John as keynote speaker at the Taigum Conference at the end of June, and for more unsaved to be led to our meetings to have a powerful encounter with Jesus.

God bless you all,

John and Julie Mellor

Healing Testimonies

Rochedale, Queensland

- ❖ Pam Duhig 65, suffered severe, constant pain from **osteoarthritis** in her neck and thoracic spine since she was 28. She also had pain in her **lower back since birth** and surgery for that only left her feeling worse, and in pain that even morphine couldn't alleviate. Doctors want to operate again. After prayer and resting in the Spirit, **all pain left her body**.
- ❖ Alma Crawford-Friedli suffered from **sinusitis for 8 years** and always had a blocked nose. She had two operations but the condition kept returning. After prayer, her sinuses were **instantly unblocked**.
- ❖ Michael 58, suffered from **multiple sclerosis** for 30 years, but was only diagnosed 11 months ago. After prayer, he felt blood flow to his legs and felt complete peace. He arrived at the meeting, walking with effort, but after prayer, his **legs felt completely normal** and he walked easily and could lift his legs up high.

- ❖ Adrian Timothy 69, suffered **osteoarthritis in his left foot** for two years and the pain was so excruciating that he couldn't continue with his daily walk. An x-ray showed a complete break in his foot. He was healed in his seat after John prayed over the congregation. All pain left Adrian's foot and it felt **completely healed**.
- ❖ Paul Tidswell 52, suffered from massive **nerve pain** and stiff legs for 12 months in which time he has lost 24 kgs. For the last 4 months, he was bedridden for more than 20 hours a day. During prayer, Paul felt like he was touching another dimension and now feels 80-90% better.
- ❖ Sasha Garner, 21, has suffered from a lifetime of **reflux** as she was born with a defect in her oesophageal sphincter and has had three unsuccessful operations to try to repair it. Sasha has had constant heartburn and threw up most meals. Her pain was so severe that she was on morphine and pethidine drips. After prayer, the **heartburn went away** and she felt good and very hungry and we have heard that she has been fine ever since.
- ❖ Dominic Fay 15, **broke his foot in three places** after jumping from a balcony while filming for a school project. The break happened on Monday and doctors had wanted to operate, but decided to see how a brace would work. He was told he could not put any pressure on the very painful foot for at least three weeks. On Friday of the same week, John came to Dominic's church and prayed for his foot. Pain and swelling decreased, and feeling and strength returned to his foot and he was able to walk around without his crutches completely pain free.
- ❖ Meg Dunn 56, suffered from **fibroids** in her uterus which caused a **prolapsed of her bladder and bowel**. She felt pressure and occasional pain in the area for 5 years. - ❖ **Redlands, Queensland**
- ❖ Sheryl 56, testified to being healed of **fibromyalgia** 2 years ago at John's teaching seminar by just sitting in the meetings. Sheryl had suffered pain in her body and emotional turmoil for 2 years. She also called her brother to jump on a plane to Melbourne to come to the meetings. Her brother had suffered from **fibromyalgia for 30 years** and estimated that he had spent \$400,000 in searching for a cure. He was also healed at John's meetings. Sheryl also has a tumour in her abdomen, but after prayer **all pain from the tumour left and she cannot feel the tumour** anymore and is believing for total healing from cancer.
- ❖ Linda testified that in August 2008 she came to see John at Beenleigh after having been diagnosed with a **brain tumour** and being given **6 weeks to live** when conventional treatments failed to make any difference. No one has been able to hug Jessica for 6 months because she has been in too much pain. After prayer, Jessica rested in the Spirit and felt like God was washing her.
