Hi Everyone,

God faithfully continues to heal people of all sorts of conditions everywhere we go. Here are some highlights of the hundreds of healings we have seen in the last month. We are seeing a significant increase in blind and deaf people healed at each meeting, including those who are born deaf or blind. All praise to Jesus Christ for the following miracles:

Ipswich Healing Tent, QLD

Cynthia, 60, had **pain in her neck for 25 years**. She was involved in a motorbike accident when she was ten, and pain started to come to her neck when she was about 40 years of age. All pain left after prayer.

Keith Leigh, 41, had severe pain he described as 9/10 in his **back and hips** for 25 years after a water skiing accident. All pain left after prayer.

Barbara Walls, 61, suffered from **chronic fatigue for 11 years** after contracting a virus and going through a period of stress. Barbara said she felt ‘ninety years old’ until John prayed for her and she felt great and lighter, like she used to feel before becoming ill.

Bernardine Steves, 60, has been **deaf since she was a baby**. She has worn hearing aids all her life. Both ears were opened and she could hear normally without her aids after prayer. Her 28 year old son, Brendan, was also deaf in his left ear since birth, and he received normal hearing after prayer.

Sydney, Rockdale- 18th & 19th April 2009

Caroline Titchener-Bloom, 47, has suffered from severe **lupus, damage from chemotherapy, high blood pressure, fibromyalgia and kidney disease**, which caused her kidneys to function at only 30%. She also had a hip replacement and had not run in years. Caroline was in pain for over 20 years, but after prayer, she was released from pain and ran, and now says she feels great. She is excited and hopeful that she will be well from now on.

Mirjana Pernar, 57, suffered from **abdominal pain** and constipation for more than 6 years. Doctors diagnosed her as having haemorrhoids and polyps, but after prayer she felt complete relief from pain and now feels normal, as if she never had a problem.

For 9 years, Emilia Arena has had **arthritis in her body from her hip to ankle**. Her fingers were also becoming arthritic and she could no longer peel vegetables or squeeze her hand shut. She was on a high dose of cortisone, but it did not relieve her pain which she describes as being 90%. After prayer, she felt tingling, she rested in the Holy Spirit, and when she was pulled to her feet, she ran and chased John around the church, totally free of pain and stiffness. She now feels wonderful.

A 57 year old woman had an itchy scalp for 2 years due to **psoriasis**. She also suffered from arthritis in her hands. After prayer, her hands were no longer sore and her scalp was no longer itchy.

For 52 years after a motorbike accident, Mercedes Nardella, 73, suffered from a **painful neck**. After prayer, she was set free from pain and stiffness and now feels great, light and excited.

Gabrielle, 12, was healed of **blurry vision** she had had for 7 years. Her father was also healed of deteriorating vision.

Damian, 52, had an operation to remove his cancerous thyroid 7 years ago. The side effects of this operation were **blurry vision, deafness and pain in his back** which he describes as 9/10 in severity. After prayer he felt happy and pain free, his vision cleared and he was full of praise for God's goodness.

Cora Salvador, 50, has had **pain in her back and shoulders** for 5 years. Even after 5 months of physiotherapy, the pain was still there. After prayer, God removed all of her pain and she is so grateful to Jesus.

Keary Guerin, 61, suffered from **hereditary deafness** in both ears for 15 years and had only 60% hearing. After prayer, her hearing became much clearer and she could hear people talking behind her for the first time in many years.

Lowood Testimonies - April 24-26th

Percy Brown 87, was in a wheelchair, suffering constant pain in his **hips and lower back from arthritis**. All pain left after prayer, much to Percy's astonishment, and he was able to stand and walk around for the first time in two years. Percy did not come believing for a miracle, and was reluctant to be prayed for, but his wife was believing for him.

Grant Jakins 42, suffered **lower back pain for 21 years** and experienced pain that was 7-8 out of 10 in intensity. Grant was instantly healed. His eyesight was healed as well and could again read from a distance.

Steve Schinike 40, was in a car accident in 1988 which smashed his shoulder and **ripped nerves off his spine and neck** and limited the use of his left arm. Daily, he has suffered pain in his back and left hand, which varied between 7-9 out of ten in intensity. All pain left after prayer and he was able to hold a drink in his left hand for the first time in 20 years without pain. Blurred vision on his left lazy eye also cleared up and he could read the worship lyrics from the back of the church. Steve now feels

‘fantastic’. He had felt the pain try to come back overnight, but he rebuked it in the name of Jesus and it left.

Glorine Faranda testified that in 2005, when John first prayed for her, she was healed of **breast lumps** and 20 years of **rheumatoid arthritis**. She used to walk in pain and with a bad limp, but is now fully healed. She also broke involvement with Reiki off her life and felt sin fall away and headaches and bleeding gums left her. She now works for the Ipswich Healing Rooms and has been on mission trips to Vanuatu. At the April 2009 Lowood meeting, Glorine had a **cold and a stiff neck**, and after prayer, her nose dried up and her neck was loose.

Dave Watch 44, was healed in his seat when John had a word of knowledge from God about someone with a **reflux** problem. Dave had been on medication for 15 years. He claimed the word of knowledge and felt an incredible warmth and power through his abdomen and now feels great..

William (Jim) Kennedy 71, had suffered severe **pain in his leg for 5 years due to peripheral vascular disease** and used a walker and walking stick for 2 ½ years. He was told by doctors that he would eventually lose his leg. After prayer on Saturday, he threw the walking stick away, and on Sunday morning he testified again and leapt down the aisle of the church, clicking his heels and saying he never thought he’d be able to do that again!

Frances Britton 67, suffered from **scoliosis and back pain**. She testified that when she was at one of John’s meetings five years ago, he was preaching about the woman with the issue of blood in the Bible who was healed when she touched Jesus’ hem and she could feel herself being healed. When John laid hands on her later, she felt even better. The next day, she felt the ache come back and was disappointed, but the next morning, she woke with no pain and her back straightened and she was ¾ of an inch taller.

Marie Roberts 66, who was amazingly healed on **Multiple Sclerosis** 6 years ago when a friend of hers stood in for her at one of John’s meetings, was also healed this time around of **pain in her knee** and back and also of pain from **3rd degree burns** on her lower back.

Jennie Vaughan 54, was healed of 15 years of pain from **Lupus**.

Brendan Robinson 25, suffered from **diabetes** which affected the circulation in his legs, making it **painful to walk**. After prayer, he felt good and experienced no pain when he walked.
