

JOHN MELLOR MINISTRIES

John Mellor Ministries – Newsletter, October 2009

Dear Friends,

We have had another outstanding month of ministry in which many gave their lives to Jesus and several hundred were healed by God.

It's exciting to see an increase in the anointing for the healing of teeth and gums, and more people being set free from major ailments through general prayer over the congregation. We continue to see people with Multiple Sclerosis and Motor Neurone Disease significantly healed. Also, in the past month, we have seen many people healed as soon as they have been lead in prayer of forgive someone who has hurt them in the past.

We are videoing many miracles as they happen, so if you haven't yet visited our 'John Mellor Ministries' YouTube Channel, we encourage you to have a look and witness miracles and people testifying about their healing. We also invite you all to join us on Facebook – search for 'John Mellor Ministries' – and you will receive the video clip testimonies as soon as they are posted.

As usual, the testimony highlights of the hundreds of healings we have seen over the past month are below.

Please continue to pray for our ministry and that we will continue to see an increase in the anointing, that there will be more salvations, that we will have favour with the media and for our financial provision.

Thanks for your support and God bless you all,

John and Julie Mellor
