## **John Mellor Ministries – September Newsletter 2009**

Hi Everyone,

As we have been travelling and ministering non-stop for two months, we are a little late in sending out our September Newsletter. As usual, we have attached a list of outstanding **testimonies below**. We apologise that the list is so long, but it is difficult to edit it down any further and remove such wonderful miracles which give glory to God’s awesome power and goodness. This list is just a **small fraction of the miracles we see** at each meeting. And yes, the healing anointing and number of miracles we see is increasing. We have had several meetings in the last month where everyone has received a healing.

We have a particularly exciting event coming up in **Ipswich on October 22-25**. More than 14 churches have united for a **Citywide Crusade** to save and heal their city. Over 6 months of planning and promotion has gone into these meetings and everyone in Ipswich will know the meetings are taking place. Please pray that there will be hundreds of salvations and miracles. A manual will be put together on how to organise citywide meetings, to support any other churches and towns that would like to replicate this crusade. Please contact us if you would like more information.

Find out where we’ll be for the remainder of the year on our itinerary on our website [www.johnmellor.org](http://www.johnmellor.org).

God bless you all for your support and interest in our ministry,

John and Julie Mellor
